## IT & Digital Transformation

Helping individuals and organisations optimise IT governance & Service Management to realise business change, transformation, and growth.

- ITIL®** ITIL®, is the most widely recognised framework for IT enabled services in the world. It supports organisations and individuals who want to gain optimal value from IT and digital services, embracing digital transformation.
- PeopleCert DevOps®** DevOps is an evolution of existing IT best practices from ITIL, Lean and Agile into a development and operations approach that supports automation & continuous delivery and encourages a culture of collaboration to help IT deliver business value better, faster and cheaper than ever before.
- PeopleCert Data Science®** Data Science enables professionals to apply Data Science concepts, terms, and tools in real business cases, helping their management team to identify opportunities and make better decisions.
- PeopleCert DevSkills®** DEV Skills validate candidates' coding skills in Java, C#, Python, JavaScript, VueJS, Angular and React, enabling them to prove they can write reliable, maintainable, testable, and portable code focusing on a full-stack mentality.
- PeopleCert QSD®** Quality Software Development (QSD) validates the necessary skillset to produce high quality code and build reliable quality software.
- COBIT®** COBIT®5 (Control Objectives for Information and Related Technology) is a globally accepted framework for the governance and management of IT, aligning business goals with IT processes and objectives.
- AgileSHIFT®** AgileSHIFT® focuses on the importance of leading change in an organisation, taking a holistic view to prepare for transformational change by creating a culture of enterprise agility.
- RESILIA®** RESILIA® enables IT and business professionals to upgrade cyber security to balance risk, cost, benefits, and flexibility in their organisation.
- SDI®** SDI® (Service Desk Institute) provides internationally recognised standards for service desk and IT support professionals, forming the basis of Service Desk Analyst and Service Desk Manager qualifications.

**PeopleCert**

## Project / Programme & Portfolio Management

Supporting professionals to successfully deliver projects of any size or complexity, to deliver better products/services faster aligning with the business strategic objectives.

- PRINCE2®** PRINCE2® (Projects In Controlled Environments) is one of the world's most practiced project management methods that can be tailored to the needs of any organisation and can be used for any project of any type and scale.
- PeopleCert PRINCE2® Agile** PRINCE2 Agile® equips practitioners and organisations with the ability to deliver agile projects by tailoring the PRINCE2 project management method with a broad toolset of agile delivery techniques and frameworks.
- PeopleCert Scrum®** Scrum is a lightweight framework that helps people, teams and organizations generate value through adaptive solutions for complex problems. Scrum Certification will enable you to master all aspects of the agile framework and the skills needed for you to start applying them to your daily work.
- MSP®** MSP® (Managing Successful Programmes) consists of a structured framework for organisations of all sizes and from all sectors to improve practices and offer better services.
- P30®** P30® (Portfolio, Programme and Project Offices) provides a universally applicable guidance that facilitates effective portfolio, programme and project management through enablement, challenge, and support structures.
- MoV®** MoV® (Management of Value) offers guidance on maximizing value and making optimal use of resources. It has evolved from many years of successful value management practice.
- MoP®** MoP® (Management of Portfolios) provides an overview of portfolio management, including guidance on the principles, techniques, and practices to run alongside an organisation's business.
- M\_o\_R®** M\_o\_R® (Management of Risk) provides a framework for risk management considering the different aspects of an organization: strategic, program project, and operational.

## Business Excellence

Enabling professionals to drive business process excellence to deliver better products, reduce costs & improve processes in their organisations.

- PeopleCert Lean6σ IASSC®** Lean Six Sigma is one of the most popular business performance methodology in the history of corporate development, designed to improve customer satisfaction, performance levels, and time-to-market.
- PeopleCert Lean IASSC®** Lean IASSC focuses on Lean practices, principles, and tools typically used to reduce waste and improve process efficiencies in Manufacturing, Production, Office, IT and Development.
- PeopleCert LeanIT®** Lean IT is an extension of Lean practises and principles, applied in an IT environment, designed to continuously improve the value delivered by businesses and professionals alike.

## Languages

PeopleCert boasts a high-quality qualifications portfolio, one that caters to the global learners' community.

**LanguageCert**

LanguageCert is an Ofqual recognised Awarding Organisation committed to developing and delivering high-quality, internationally recognised language exams that enhance the career, education and life opportunities of individuals worldwide.

LanguageCert offers internationally recognised qualifications in English, Spanish and Classical Greek. We are also a Home Office approved provider of SELT exams for UK Visas & Immigration, in the UK and internationally. Find out more in our dedicated LanguageCert portfolio brochure.
